Academic Transcript

(Self-declared)

The undersigned student **Emanuele Maria Cattaneo** hereby declares to have obtained the grades reported in the examinations listed below.

Bachelor Degree in Physics

Course Title	Grade	ECTS
Mathematical Analysis I	30/30 *cum laude*	8
Chemistry	29/30	6
Geometry	30/30	8
Physics Laboratory I	30/30 *cum laude*	13
Mathematical Analysis II	30/30	8
General Physics I	30/30 *cum laude*	14
General Physics II	30/30	14
Mathematical Analysis III	30/30	8
Foundations of Mathematical Physics	30/30 *cum laude*	9
Modern Physics	30/30 *cum laude*	8
Foundations of Mathematical Methods	30/30	6
Physics Laboratory II	30/30	11
Differential Geometry	30/30 *cum laude*	6
Electromagnetic Fields	30/30 *cum laude*	6
Analytical Mechanics	30/30	6
Foundations of Theoretical Physics	30/30 *cum laude*	14
Physics Laboratory	30/30 *cum laude*	9
Foundations of Matter Physics	30/30	6
Foundations of Nuclear and Subnuclear Physics	29/30	8
Topology	FWE[1]	6
Quantum Information	FWE	6

Scuola Galileiana di Studi Superiori – Advanced Curriculum

Course Title	Grade	ECTS
Complements of Analysis	30/30	4
Introduction to Probability Models	30/30 *cum laude*	4
Introduction to Thermodynamics	30/30 *cum laude*	4
Measure Theory	30/30 *cum laude*	4
Complements of Mechanics	30/30	4
Physics Laboratory	30/30	4

[1] Abbreviation for Followed Without final Exam.

Course Title	Grade	ECTS
Introduction to Scientific Computing	30/30 *cum laude*	4
Introduction to Probability	30/30 *cum laude*	4
Advanced Electromagnetism	30/30 *cum laude*	4
Path Integral in Quantum Mechanics	30/30 *cum laude*	4
Functional Methods in Polymer Statistical Mechanics and Stochastic Processes	30 /30 *cum laude*	4
Topological States in Condensed Matter, Cold Atoms and Photonics	30/30	4
Representation of Finite Groups	FWE	4
Topics in Minimal Surfaces	FWE	4

Master Degree in Physics

Course Title	Grade	ECTS
Theoretical Physics of Fundamental Interactions	29/30	12
Statistical Mechanics	30/30	6
Physics of Complex Systems	30/30 *cum laude*	6
Physics Laboratory	29/30	6
Quantum Field Theory	30/30	6
Advanced Topics in Physics	30/30 *cum laude*	6
Mathematical Physics	30/30 *cum laude*	6
General Relativity	30/30	6
Standard Model	30/30 *cum laude*	6
Introduction to Research		6
Quantum Gravity	ES[2]	6
Effective Field Theory	ES	6
Cosmology of the Early Universe	ES	6
Advanced Quantum Field Theory	FWE	6
Rings and Categories of Modules	FWE	6

Date: 4 November 2026

Signature: _____

[2] Abbreviation for Exam Soon...
